JOHNATAN WRIGHT

Experienced Software Development Engineer

@ larry.liang@gmail.com   ⚲ San Francisco, CA

SUMMARY

Experienced software engineer with 10+ years of experience designing, developing, and implementing mission-critical applications. Skilled in .NET Framework/Core, web application development, and REST. Strong communicator and team player.

EXPERIENCE

Software Development Engineer

Accenture Federal Services

📅 2018 - 2022   ⚲ Washington, DC

Designed and developed customer-facing applications using .NET Framework/Core resulting in increased efficiency and productivity.

- Designed and developed a mission-critical customer-facing system using .NET Core resulting in 30% faster response times.
- Created and maintained database schema and API design resulting in a 50% reduction in code maintenance time.
- Collaborated with a team of developers to produce customer-facing production code for multiple clients on time and within budget.

Senior Software Engineer

Booz Allen Hamilton

📅 2014 - 2017   ⚲ McLean, VA

Developed and maintained web applications resulting in increased efficiency and productivity.

- Designed and developed a web application using ASP.NET MVC resulting in a 25% increase in user engagement.
- Implemented Git source control for team collaboration resulting in a 50% reduction in merge conflicts.
- Designed and implemented unit testing resulting in a 70% increase in code coverage.

Software Engineer

Lockheed Martin

📅 2010 - 2014   ⚲ Bethesda, MD

Developed and maintained software applications for government clients.

- Developed a real-time data application using C# resulting in a 40% increase in data processing speed.
- Collaborated with a team of developers to handle multiple projects concurrently resulting in a 20% increase in project completion rate.
- Implemented an Object-Relational-Mapper (ORM) resulting in a 30% reduction in database query time.

EDUCATION

Bachelor of Science in Computer Science

University of Maryland

📅 2006 - 2010   ⚲ College Park, MD

STRENGTHS

🏆 **Problem Solving**

Developed solutions for complex problems resulting in a 30% increase in efficiency

🎖 **Teamwork**

Collaborated with cross-functional teams resulting in successful project completion within deadline

💡 **Attention to Detail**

Implemented rigorous testing methodologies resulting in 99% bug-free code

SKILLS

ASP.Net MVC   Git   REST

Visual Studio   UI/UX Design

NHibernate   Entity Framework

Distributed Systems   Static Analysis

Unit Testing   Continuous Integration

Real Time Data Applications

Verbal and Written Communication

Customer Engagement

Matrixed Team Environment

Quick Learner

ACHIEVEMENTS

🎖 **Development of Cloud-based Application**

Led the development of a cloud-based application, resulting in a successful launch and a 40% increase in revenue

💡 **Improvement of Application Performance**

Optimized application performance resulting in a 50% reduction in load time and an improved user experience
